*How did we fare during the COVID-19 period?*

*Teaching and Learning did not stop. In fact, the staff and students learned so much more managing our time, work, fear and emotions. This global pandemic will make us physically and mentally stronger.*

## PHYSICAL CLASSES & LAB

Our teachers and students were allowed to return to physical classroom teaching in June 2020 and we were happy to see each other again! While some students are back in class, some remain online.

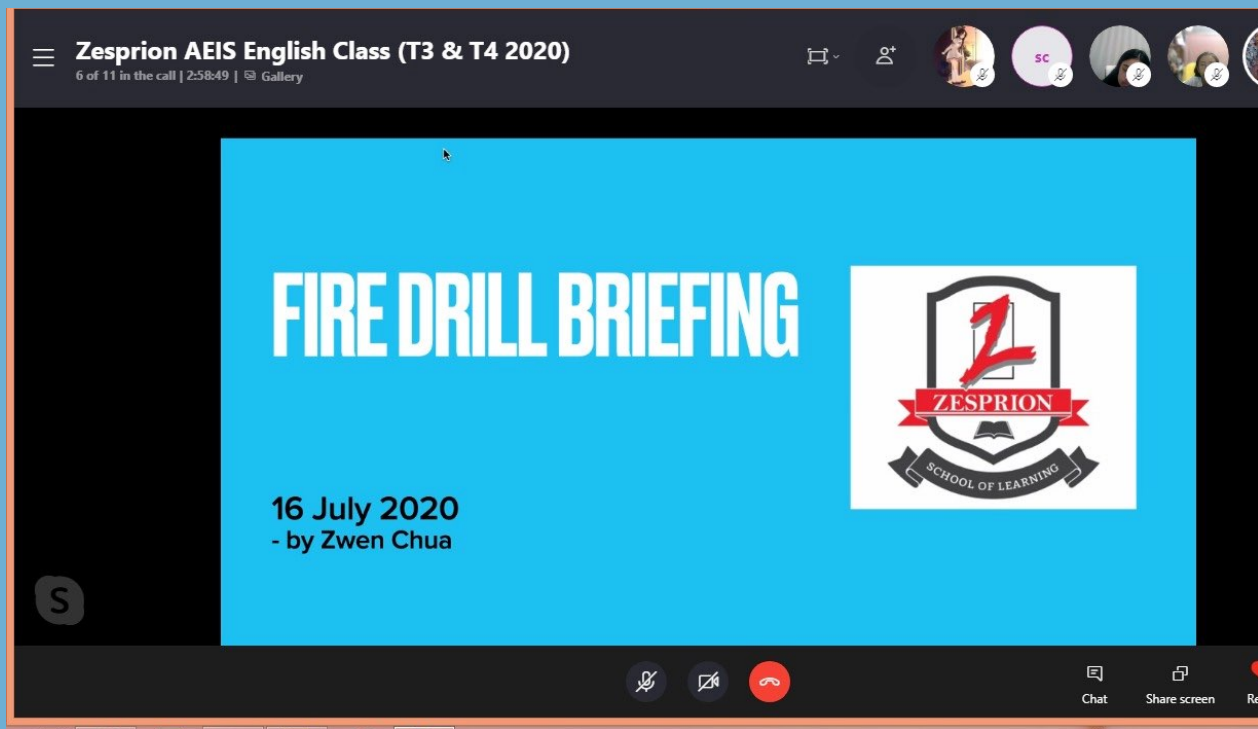

To safeguard the health of employees and students, Zesprion put together “Health & Safety Measures” in accordance with the regulations from the Singapore Government.

### SAFETY MEASURES

1. Safe Entry
2. TraceTogether
3. Temperature Check
4. Reducing Density
5. Safe Distancing
6. Improving ventilation within rooms
7. Sanitizing
8. Mask and Shield
9. COVID-19 Evacuation plan

# BRIEFING AND ACTIVITIES

## FIRE SAFETY AWARENESS

is important to make sure that individuals know how to respond during a fire hazard. It is important that one should keep calm and know the basic measures that should be undertaken when a fire breaks out. ...

## FIRST AID

Knowledge of first aid promotes the sense of safety and well being amongst people, prompting them to be more alert and safe in the surroundings they dwell in. Awareness and desire to be accident free keeps you more safe and secure, reducing the number of casualties and accidents

## ONLINE COURSES

Students from overseas are unable to join us physically in Singapore, therefore we are bringing our courses to them virtually!

Zesprion put together a variety of online AEIS classes ranging from daily weekday classes to weekends classes. From structured AEIS courses to customised tuition-style classes. From Primary 1 to Secondary 4.

Our courses cater to students who are planning to take the AEIS examination in September 2020 or later in 2021.

The advantages for taking our courses online is that you can learn at your own pace in the comfort of your home. It is stress-free during this Covid-19 period.

# HEAR FROM OUR STUDENTS

It was a learning curve for students, academic and non-academic staff going from the physical classroom to virtual. We thank all the students and staff for being resilient, resourceful, and creative.

**Liu Ruixi, China**

**AEIS Secondary 3**

Through e-Learning, I learned to take better notes. I am also training my concentration level.

**Zhong Di Jia, China**

**AEIS Secondary 2**

During the COVID-19 period, the school adopted online teaching, where I learned classroom / virtual classroom etiquette on how to get along with other classmates.

**Buranakan Thayika, Thailand**

**AEIS Secondary 1**

I have learned many new things since taking the AEIS online course with Zesprion. Had I not signed up for this course, I would have achieved nothing during this period.

**Wirunphat Klinsukhon, Thailand**

**AEIS Secondary 1**

It is boring staying home due to Covid-19. However, I felt less stressed learning through the AEIS online course. I managed to get admission to a school in Singapore even before the course ends!

**Yang TianQi, China**

**Preparatory Course for 'O' Level**

The teachers are very good at Zesprion. However, this pandemic has prevented many people from traveling abroad, so there are fewer classmates in the course, which can be boring for me.

**Wang XingXing, China**

**Preparatory Course for 'O' Level**

During the Covid-19 period, my lessons were conducted through e-learning. This gave me the chance to develop my self-discipline.

**Tan Teksrin, Cambodia**

**Preparatory Course for 'O' Level**

Zesprion is an awesome place to grow, develop and learn with its motivating environment, passionate teachers and efficient learning system.
