

Zesprion news.

17% A in English Language

68% A & B in E Maths

67% A & B in Science

75% B in Geography

75% A & B in POA

Congratulations to our GCE 'O' Level students on their outstanding results! We are celebrating because our students have worked very hard to complete 2 years' worth of work in less than 10 months and are able to achieve their goals.

We are proud of you ('O' level 2018). You persevered, burnt mid night oil, pulled out your hair, and perhaps even went a little insane... but you did it!

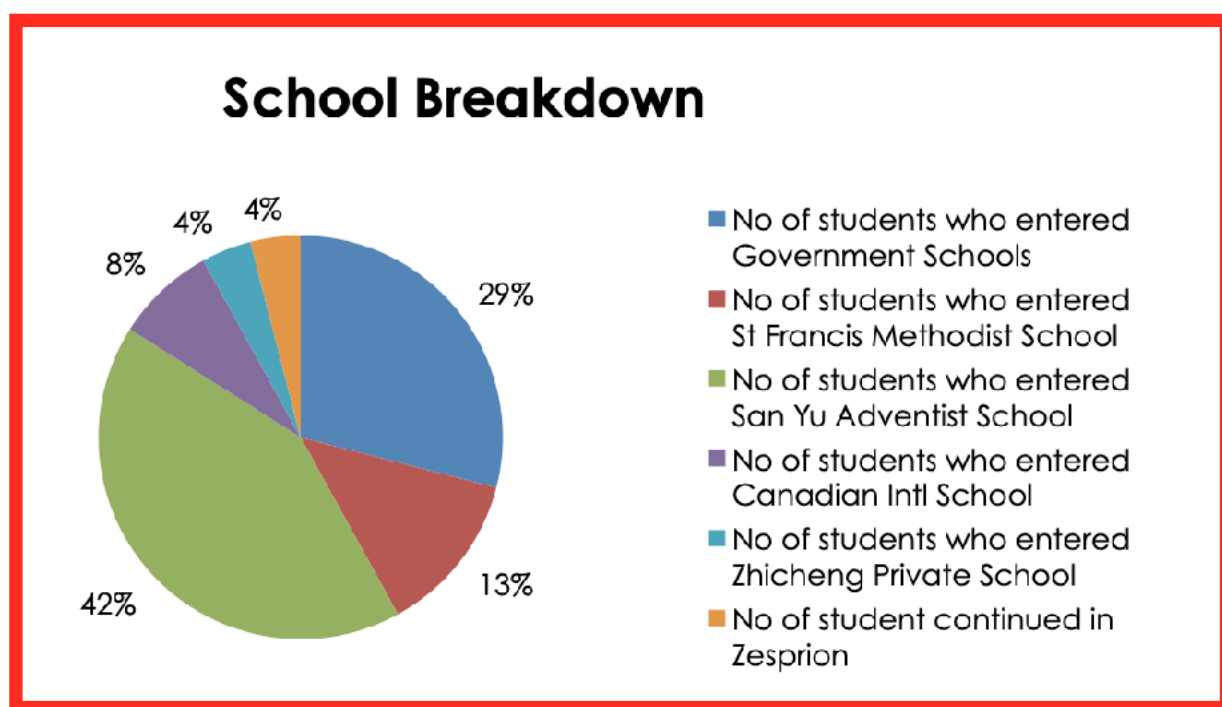

"Zesprion does not create miracles, the magic is being diligent & resilient."

Results:

17% A in English Language, 34% A & 34% B in E Maths, 50% A & 17% B in Science, 75% B in Geography and 25% A & 50% B in POA. 67% achieved 3 and 4 'O' Level passes while 50% achieved 5 'O' Level passes.

AEIS Entrance

100% entrance rate to English medium schools in Singapore and overseas. It is definitely worth celebrating that 29% of last year's cohort entered Singapore Government schools while 42% entered San Yu Adventist School. Other admissions include St. Francis Methodist School (13%), and Canadian International School (8%). Only 4% of the cohort went to Zhi Cheng and 4% continued in Zesprion's higher level courses.

Most students who came to Zesprion for the 20 to 30 week course had extremely weak foundation (below Primary 3 level). It was an almost impossible task for these students to gain admission to Government schools. Although our 2018's Government school admission was high at 29%, much depends on the English and Mathematics foundation of the cohort and how much effort the students put in. After all, we only have 20-30 weeks to work with the students.

Achieved 30% Improvement Or 75% in Exam		
	English	Math
P5	27%	64%
S1	56%	81%
S2	8%	92%
S3	33%	100%

It is a daunting task for students who have little foundation in English to pass the AEIS examinations. Therefore, it is more important to look at the progress made by students. The improvement made can be seen most clearly in Mathematics with 81%, 92% and 100% of Secondary 1, 2 and 3 students respectively either improving by at least 30% or hitting the 75% score during the final examination.

"The key lies in how teachers are able to motivate students and how fast students can learn and apply."

The improvement in English is not as apparent as the students came with very weak foundation and making progress in language is a long and immersive process. We applauded our students, teaching and non-teaching staff as well as parents for the hard work they have put in.

2018 Q4 Activities

Quarter 4 was a bitter sweet term filled with anxiety about the AEIS and lots of fun activities after the AEIS. In a span of 3 weeks, we held English Challenge, Mathematics Challenge, Value-In-Action (Beach & Park Cleaning), an outing to East Coast Park and Graduation Party! The 20-30 weeks of courses were stressful and tiring for both the teachers and students and this was a great opportunity for them to relax and chill before the end of course. Strong bonds were built during the hectic and often trying experiences during the course.

*Enjoy your
friendships!*

Graduation

O Level	Best Performance Award	Best Improvement Award
English	Taing Meng Guech (Clare)	Kelvin Russell
E Math	Zheng Yukai	Ng Wing Man
Geography	Taing Meng Guech (Clare)	Ng Wing Man
Principles of Accounting	Kelvin Russell	Taing Meng Guech (Clare)
Science (Chemistry/Physics)	Taing Meng Guech (Clare)	Zheng Yukai

Students who received the Best Performance Award have performed better than their peers and passed the final examination with flying colours. Apart from academic performances, Zesprion also considers their learning attitude as a criterion for this award.

AEIS	Best Performance Award			
Level	Primary 5	Secondary 1	Secondary 2	Secondary 3
English	Visuttipat Cheerapat	Laopakdee Yanist	Uthaichai Tosita	Pienpitak Wanwisa
Math	NA	Laopakdee Yanist	Cha-um Sarinporn	Pienpitak Wanwisa

Students who received the Best Improvement Award have shown the best improvement. Taking into consideration is the measure of the progress they have made. Their scores in first formal test and that in the final examination. Apart from scores, Zesprion also considers their learning attitude as a criterion for this award.

AEIS	Best Improvement Award			
Level	Primary 5	Secondary 1	Secondary 2	Secondary 3

Students showing Love & Gratitude

"Zesprion School of Learning is an extremely nice school. It was a great pleasure to study here. My English has really improved a lot. Thank you for everything."

Phunsriwiwat Thanchanok (Thailand - San Yu Adventist School)

"I'm Kelvin Russell and I'm from Indonesia. Zesprion has helped me a lot for the past one year in many different ways. For example in my studies and even my character development. The only thing I can say to my teachers and staff is to keep going and not give up. Whenever you feel like throwing in the towel please think about the students who have thrived because of you; there are many more of us who need you. Lastly thank you very much because of you I can further my studies not only in Singapore but also in other countries too. I wish you all the best and good luck with the upcoming O level course."

Kelvin Russell (Indonesia)

"I was a student of Zesprion in the the 2018 GCE O level batch, I'm currently not in any school as of yet but I am in the process of applying to a couple of local polytechnics in Singapore. After the O Level examination has ended, I returned to my home country which is Cambodia. I would like to say "thank you" to Zesprion for helping me achieve my goal of obtaining an O Level certificate in the shortest amount of time. Zesprion has been very helpful in my journey, from the teachers to the staff members who are always taking care of us students. I would like to say thank you to my teachers for putting in so much effort in helping us in the examination. I am sure my fellow classmates feel the same way. We are grateful for all the teachers that were with us on our journey whether it was for only a short period of time or the whole journey. So I would like to thank all the teachers in Zesprion. I would also like to thank the Zesprion staff members for taking care of us students for the time that we were in your care. Thank you for being patient and understanding towards all the students even though you were sometimes put in a difficult situation. Overall studying in Zesprion has been a great and helpful experience to me."

Taing Meng Guech (Cambodia)

"My name is Sandy. I come from Thailand and now I am studying at Sanyu Adventist School in secondary 3. When I first came to Singapore my English was very bad, I could hold a conversation but my grammar and vocabulary were really bad. I studied in Zesprion for about 4-5 months. I really struggled with my English initially but after 4-5 months, my English has improved greatly. Ms. Chee my English teacher has helped me a lot. Everything that she taught us was very helpful. During that time we had a lot of homework but it was the homework that helped us get admission to schools. I want to say "Thank you" to all the teachers and staff in Zesprion."

Ariyawong Pimpisa (Thailand - San Yu Adventist School)

Hello, my name is Merisa Indajang. I am an international student. I attended Zesprion for 5 months. It was a really precious experience for me. The teachers and the staff are absolutely caring. They are really helpful. When I first came to Singapore, it was really stressful for me. I was homesick and I couldn't get used to studying the subjects in English medium, but they always helped me and supported me.

I sat for a for the Admission Exercise for International Student (AEIS). This is an entrance examination to determine if foreign students qualify for government schools. There were thousands of foreign students who attended this examination. However, among these thousands of students, I got accepted in a government school. It is really a miracle for me that I passed this examination and I realised that this miracle is due to the hard work of Zesprion's teachers. They have taught me so well. All of the worksheets and the tests that teachers gave me helped. There was a lot of vocabulary that the teacher had taught me and they were tested in the examination.

I am really thankful to all the teachers and staff for their help and support. They helped me achieve what I had dreamed. Zesprion also held many activities to help students cope with stress.

Merisa Indajang (Indonesia - Bendemeer Secondary School)

"I found the course interesting, challenging, and rewarding. I've learnt a lot. Teachers in Zesprion have helped me understand where my academic strengths and weakness lie. They provide great feedback and encouragement which motivated me to strive for my O level. I truly want to say "thank you" to all the teachers and staff for their patience and care."

Ng Wing Man (Hong Kong)

"Thanks a lot for everything. I will miss everybody in Zesprion! I had a good experience here and I met a lot of friends and learnt a lot from the teachers and staff. This is like a second home to me."

Sun Sawaros (Thailand)

"I spent 3 terms to learn in Zesprion. It helped me a lot with the English language, all the staff were friendly. I had improved tremendously in Math, the teaching was very clear."

Visuttipat Cheerapat (Thailand - San Yu Adventist School)

Currently I'm studying in Bendemeer Secondary School in Singapore and so far I'm doing just fine! Thanks to Zesprion I managed to pass AEIS and the tips that they gave really helped! I'm not particularly good in Maths but since we have extra time they taught us overhand and for that I'm really grateful because I'm scoring higher than a few classmates and I'm just really proud of myself right now. Thanks Zesprionian staff!

Uthaichai Tosita (Thailand - Bendemeer Secondary School)

"To begin with, I would like introduce myself. My name is Wanwisa. I am currently studying in Manjusri Secondary School in Sec 3.

I had studied in Zesprion for five months before I attended my current school. Five months might not be long enough to learn everything and absorb all the knowledge. But for me, it was undoubtedly a worthwhile period. Zesprion teachers taught me all the rules of grammar, how to use the English language properly and a lot of new things about Mathematics that I had never known before. And because of everything that they had taught me, I can confidently say that I have been making progress in school.

Lastly, there is a group of people that I shouldn't miss the opportunity to talk about. This group of people took a very good care of me and I really appreciate them. They are Zesprion's teachers and staff. They were dedicated in taking care of us Zesprionians and teaching us. I want to say to them is "Thank you for taking of us and showering us with love and care."

Pienpitak Wanwisa (Thailand - Manjusri)

"I can positively say Zesprion has made me a better person. It has helped me develop a positive attitude towards my studies and discover more about myself. The teachers are very caring and staff are interested in students' well-being. They make sure every class is fun, educational and interactive. I have also introduced friends to come here and take the 'O' Level course."

Tanderitz Jason Gilbert (Indonesia)
